

FAST FACTS

VISION® CLOSTRIDIAL VACCINES

- ▶ **Discover an extra calf in every bottle of Vision 7:**
 - Vision 7 results in a 14 lb. weaning-weight advantage* when compared to Ultrabac® 7 – that's like an extra calf in every 50-dose bottle!
 - 14 lb. per calf x 50 doses = 700 more pounds at weaning
- ▶ **Less stress and fewer injection-site reactions* than other Clostridial vaccines**
- ▶ **In trials, Vision has proven to be the smoothest Clostridial vaccine* on the market**
- ▶ **The only 2mL Clostridial vaccine available in a *Haemophilus somnus* combination**
- ▶ **Also available in combination with *Moraxella bovis* (pinkeye): 20/20 Vision 7**
